

Compromised

Over 2 billion people claim to be Christians but many don't follow Jesus' commands or example. Jesus invites all to, call the Sabbath a delight!

Over 2 billion people claim to be Christians but many don't follow Jesus' commandments or example. Statistics show that such a merely nominal religion negatively impacts a person's life.

On the other hand, more and more people are learning the truths about the Sabbath and the joy of keeping God's commandments through the power of Jesus our advocate who serves as our high priest in heaven. In 2020 there was approximately 21.7 million Seventh-day Adventists in the world. Their work is established in 212 of the 235 countries and areas recognized by the United Nations. It sounds like a lot but that is 1 Seventh-day Adventist for every 364 people in the world, with various unreached areas have a much smaller percentage than others.
